## **EPD Update – Data Led Focus**

**SUMMARY: EPD's data led policing focus for this week**

Eugene Police Department is using data, intervention and prevention to more effectively respond to crime. The more the public is informed about these trends and what kinds of preventive action to take, the more victimization is curtailed.

## Highlight This Week:

- Beat 1 a small string of thefts from vehicles noted in the northeast area.
- Beat 4 has a hotspot that has been developing the last couple of weeks (see four week map for overview)
- Beats 4 and 5 have seen an increase of incidents of burglaries and thefts from vehicles along Bailey Hill Road
- Beat 6 has seen a drop in activity over previous weeks.
